

Specialised Training Tailored To Your Needs

At Pearson Aviation we are not a pilot factory. You will not be surrounded by dozens or hundreds of other anonymous students.

Consistent with legislation, we offer tailored, personalised specialty training services to meet your requirements not the requirements of the flight training school.

Training you receive at Pearson Aviation is designed to accommodate your needs whether you are studying for your first licence or an advanced specialist qualification.

Specialised Courses

As well as providing quality one on one training for basic licence qualifications (RPL, PPL,CPL), our emphasis at Pearson Aviation is on offering training and testing for those qualifications not commonly available at most flying schools, including but not limited to courses and testing for:

1. Flight Instructor Rating initial issue and;
 - a. Grade 2 Training Endorsement,
 - b. Grade 1 Training Endorsement,
 - c. Multi Engine Class Training Endorsement,
 - d. Instrument Rating Training Endorsement
 - e. NVFR Training Endorsement
 - f. Flight Instructor Training Endorsement
 - g. Spinning Training Endorsement
2. Instrument Ratings
3. Night VFR Rating Multi Engine
4. Gas Turbine Engine design feature
5. Pressurisation Design feature
6. MPPC and RU design features.
7. Ground theory classes including:
 - BAK,
 - PPL

CPL

IREX

Instructor PMI

Experienced staff

Our staff are highly qualified to train you for those qualifications which are not run of the mill.

Flight Examiner on staff.

At Pearson Aviation you do not have to wait weeks or months to be assessed by a qualified flight examiner. We provide a testing service when you are ready.

Our Head of Operations is authorised by CASA to conduct flight tests for all the above specialist flight qualifications.
